W. V. Curtis informs the INTELLIGENCER that the amount of his sales of real estate since January 1, 1905, is \$337,195, and the sales closed and given possession March 1 of this year amount to \$147,000. These figures representing the sales of a single agent operating in a comparatively small field in a big county give some idea of the activity of the real estate market here in recent years. By far the larger part of these sales was of farm property and almost all of the sales were to people who were already residents of this county. This goes to show that the people of this county know a good thing when they have it.

Waverly Gazette: We are glad Mr. Rodekahr has consented to allow his name to be used for this office, for he is an enthusiast on road making and a great advocate of the split log drag. He intends to make a thorough test of this plan this spring and if a success, will endeavor to persuade his neighbors to test it also. Mr. Rodekahr is one of the most successful farmers in Fayette county and is elected to the position he seeks he will make a good deal. All his neighbors are anxious to be his friends and are anxious to be his judgeship. What is needed in this office are men like Mr. Rodekahr who are experienced road men and who are made a study of county matters; often politicians worm themselves into positions who are totally unfit and inept. This will not be the case with Mr. Rodekahr as he is no politician but has the qualifications for the office.

### FROM HEAD TO FOOT

You feel the good that is done by Doctor Pierce's Golden Medical Discovery. It cleanses, regulates and invigorates Stomach, Liver and Bowels and so purifies the blood. And through the blood, it cleanses, repairs and invigorates the whole system. In recovering from "grippe," or in convalescence from pneumonia, fever, or other exhausting diseases, nothing can equal it as an appetizing, restorative tonic to build up needed flesh and strength. It restores every organ into natural action, promotes all the bodily functions, and restores health and vigor.

For every disease that comes from foul or Weak Stomach, a torpid Liver or Impure Blood, Dyspepsia, Indigestion, Biliousness, and the most stubborn Skin, Scalp, or Scrofulous affections, the "Discovery" is a sovereign remedy. Don't be hypnotized, wheedled, or over-persuaded into accepting a substitute only that some selfish medicine seller may make a greater profit on the inferior article. The "Discovery" has a great record of nearly forty years with thousands of cures behind it.

Dear Sir—Several years ago my blood became impure and I became run-down in health. I had no appetite, could not sleep, and was practically unfitted for work. Suffered from innumerable boils and was in bad shape. Dr. Pierce's Golden Medical Discovery relieved me of my wretched condition. The medicine built up my system and restored me to a normal condition of health. I can speak most highly also of Dr. Pierce's Favorite Prescription, as it has been used in my family for years in cases of female trouble.

### Property Worth a Million.

The story of the Chillico Indian school, as told in the March number of Sum's Statehood Magazine, reveals that this school has thirteen sections of land, and the property of the institution is valued at more than a million dollars.

Some seven hundred Indian boys and girls are to school in this institution, and they are not only taught the contents of books, but at Chillico every pupil is taught to work. They go to school one day and work the next. Work is a part of their education. The practical trades such as blacksmithing, carpentry, painting, shoe and harness making, wagon making, steam and electrical engineering, plumbing, plastering and stone masonry, printing, etc., are taught, each of these departments being in charge of a special instructor. Agriculture and allied industries, such as horticulture, stock raising, dairying, poultry breeding, etc., are also taught. These industries are all for boys. For the girls, departments in sewing, cooking, house-keeping, nursing, etc., are maintained.

On visiting this institution you are once impressed by the spirit of cheerful activity you see manifested around you. In every department everyone is busy. Order and quiet seem to pervade the very atmosphere. You do not hear any loud, boisterous talking in the shops or other departments. Respectful obedience and attention is manifest on all sides, everywhere you go. On the play ground all are very much alive and exhibit about the same interest and activity in out-door sports as do our white boys and girls.

The full story of this school, with illustrations, is worth many times the price of the magazine—one month one dime, one year one dollar. The Magazine is on sale at all news stands. It is published at Tulsa, Indian Territory.

### Are You From Kentucky?

These are the first words which appear upon a very attractive invitation sent out from Louisville to Kentuckians in all parts of the United States.

From June 13th to 17th, 1906 there is to be in Louisville, Ky., a "Home Coming" for all Kentuckians who have wandered to other lands or foreign shores. The Louisville Commercial Club is sending out the invitations as fast as lists are received with the names and addresses of Kentuckians in different sections of the country.

There will be "great doings" in Louisville.—Mr. Henry Waterson has been invited to deliver the chief address of welcome, and former Governor David R. Francis of Missouri, the response. Among the others invited to appear on the programme are former U. S. Senators Wm. Lindsay and John G. Carlisle, of New York City, Associate Justice John M. Harlan, of the U. S. supreme court, former Governor Thomas T. Crittenden, of Missouri, and former Vice-President Adlai E. Stevenson, of Illinois. This list will be enlarged with the names of other Kentuckians who, in adopted homes, have marked their names high on the roll of fame in the law, the ministry, and commercial pursuits.

While Louisville will be the host-city, all Kentucky will join in the welcome to its returning sons and daughters. The railroads will at once be asked to name low rates to Louisville, and in addition to this, it is proposed to have side trip tickets from Louisville to any part of Kentucky, so that the returning Kentuckians may visit any part of the state.

So as to insure no discomforts in the way of lack of railroad accommodations, Mr. William Flannolly, traveling passenger agent of Southern Railway, located in the Board of Trade Building, Kansas City, Mo., has already begun to arrange the details for the operation of special trains over his line from St. Louis to Louisville, and even at this early date, he is receiving a great many inquiries as to reservations, etc. Mr. M. R. Gossett, Recorder of Deeds for Jackson County, Kansas City, Mo., is the one who first suggested the "Home Coming" to old Kentuckians living in western Missouri, Kansas, and other portions of the West, and he has already received the names and addresses of about 350 Kentuckians who will join his party. Mr. Gossett now has arrangements well under way and inquiries should be sent direct to him.

### WHAT THE KIDNEYS DO.

Coast Unceasing Work Keep Us Strong And Heal by.

All the blood in the body passes through the kidneys once every three minutes. The kidneys filter the blood. They work night and day. When healthy they remove about 500 grains of impure matter daily, when unhealthy some part of this impure matter is left in the blood. This brings on many diseases and symptoms—pain in the back, headache, nervousness, hot, dry skin, rheumatism, gout, gravel, disorders of the eyesight and hearing, dizziness, irregular heart, dropsy, deposits in the urine, etc. But if you keep the filters right you will have no trouble with your kidneys.

Mrs. Nellie May, of 308 Pennsylvania avenue, Joplin, Mo., says: "I know from my own experience that Doan's Kidney Pills are a reliable kidney remedy. I was bothered for six or eight weeks with a dull heavy aching in the small of my back, I was tired all the time, I could not sleep, and in the morning always felt weak in the morning. Having reason to believe these symptoms were caused from the kidneys I got a box of Doan's Kidney Pills. They proved to be the very remedy I required, and under the treatment the backache, languor and other symptoms disappeared."

For sale by all dealers. Price, 50 cents. Foster-McIlhenny Co., Buffalo, N. Y. sole agent for the United States. Remember the name—Doan's—and take no other.
